

Radford Semele Parish Council Environment report – March 2026

Wildflower meadow & hedge on the playing field

I have received a request from Judy Steele on behalf of FoRGE requesting that the wildlife meadow is retained on the playing field, despite the lack of significant wildflowers. The long grass would provide a home for invertebrates and the area also acts as a nature corridor for the field. For discussion.

Stagecoach meeting

The meeting with Matt Western, Mark Whitelocks (Stagecoach Midlands MD) and Judy Steele was postponed from March 5th; no alternative date has been set.

Elm trees on the playing field

The two trees have been planted on the playing field – one replacing the Ash dieback trees and the other replacing a tree that was planted three years ago but was not growing well.

Telephone Box

The box will be decorated with a tree made from branches for the Easter celebration on Thursday 26th. We will invite villagers to make a decoration and add it to the tree or the notice board.

Village Newsletter

The next edition has now gone to print and will be distributed very soon.

FoRGE activities

Footpath Group

Will meet up again on 28th March.

Cllr Josie Sanderson
