

SpeedWatch Report for 26 January 2026 RSPC Meeting

- There have been no SpeedWatch sessions carried out since the end of November 2025 due to non-availability of team members over the Christmas and New Year period (as well as the weather not being suitable to operate safely for much of the time).
- During the last session at the end of November 2025, we encountered one occurrence of verbal abuse we considered to be rather more than just “banter”. This was reported to the Warwickshire Police road safety unit and the registered owner of the vehicle was subsequently served with a warning letter regarding abusive behaviour and warning of possible future consequences.
- A number of team members are currently unavailable due to ill health. It is intended to canvass members regarding future availability and if necessary, launching a recruitment drive in the spring.
